

Appendix 3-3 Teaching Achievements and Awards

Annex D-3 Provincial-level High-quality Undergraduate Courses, Teaching Achievement Awards, and Textbooks

List of Provincial High - quality Undergraduate Courses

Serial number	Name	Level	Person in charge	Approval time	Approval document number	Course category
1	Seismic Resistance of Building Structures	Provincial and ministerial level	Liu Yihong	2019	Document No. 9, [2020], issued by Hunan Provincial Department of Education	First - class undergraduate courses featuring an online - offline blended model
2	Principles of Concrete Structure Design	Provincial and ministerial level	Cao Guohui	2020	Document No. 28, [2021] of the Communication of Hunan Provincial Department of Education	First - class undergraduate courses featuring an online - offline blended model
3	Contract Management and Engineering Claims	Provincial and ministerial level	Yu Fang	2020	Document No. 28, [2021] of the Communication from the Hunan Provincial Department of Education	First - class undergraduate courses featuring an online - offline blended model
4	Bridge Engineering (II)	Provincial and ministerial level	Wang Xinzhong	2021	Document No. 322, [2021] of the Circular of Hunan Provincial Department of Education	First - class undergraduate courses featuring an online - offline blended model
5	Safety Ergonomics	Provincial and ministerial level	Yao Qi	2021	Document No. 322, [2021] of the Circular issued by the Hunan Provincial Department of Education	First - class undergraduate courses featuring an online - offline blended model
6	Subgrade and Pavement Engineering	Provincial and ministerial level	Chen Xiangliang	2021	Document No. 322, [2021] of the Communication of Hunan Provincial Department of Education	Online first - class undergraduate courses
7	Steel Structure Design	Provincial and ministerial level	Mao Guangxian g	2021	Document No. 322, [2021] issued by the Hunan Provincial Department of Education	Offline first - class undergraduate courses
8	Engineering Bidding and Tendering and Contract Management	Provincial and ministerial level	Yu Fang	2024		Demonstration Courses of Integrating Ideological and Political Education into Curriculum in Hunan Province

Appendix 3 -3 Teaching Achievements and Awards

List of Provincial Teaching Achievement Awards

Serial number	Name of the achievement	Principal accomplisher(s)	Award level
1	Research and Practice on the Reform of Practical Teaching in Newly - established Local Undergraduate Institutions	Zhao Yunlin, Meng Zhaowu, He Liangyun, Song Yingqing, Meng Xintian	Provincial Second Prize (2010)
2	Innovation and Practice in Cultivating the Engineering Practice Ability of Applied Talents in Civil Engineering - related Majors at Local Undergraduate Institutions	Li Jianqi, Cao Guohui, Liu Yihong, Jiang Jianqing, Deng Zongwei	Provincial Second Prize (2016)
3	Cultivation of BIM Engineers' Professional Competence Driven by Demand Incentives	Cao Guohui, Liu Yihong, Mao Guangxiang, Zhang Zaihua, He Meili	Provincial Third Prize (2019)
4	Innovation and Practice of the "One - line, Four - level, Two - combination" Practical Teaching System for Civil Engineering Specialty	Cao Guohui, Liu Yihong, Mao Guangxiang, Zeng Ge, Liu Jin, He Ran, Zhang Zaihua, Tang Jia, Wang Xinzong	Provincial Second Prize (2022)

**Appendix 3 -3 Teaching Achievements and Awards****Eight undergraduate textbooks**

Serial number	Textbook Title	Publisher	I S B N	Publication time	Author
1	Design of Concrete Structures	Northwest University Electronic publishing house	978-7-901003-66-8	202407	Peng Zhaozhui, Liu Yihong, Chen Liqun, Yu Dong
2	Construction of Civil Engineering	Hunan University Press	9787566734860	202405	Wei Qizhi, Zeng Xinfu, Hu Yifang
3	Bidding and Tendering for Construction Projects and Contract Management	Hohai University Press	9787563090495	202408	Yin Canbin, Jiang Min, Yu Fang
4	Experimental Research on Civil Engineering Structures	China Electric Power Press	9787519879402	202308	Cao Guohui, He Ran, Hu Zhangqi
5	Civil Engineering Experiments	Chongqing University Press	9787568913027	201809	Liu Ziyou, Cao Guohui
6	Building Mechanics	Wuhan University of Technology Press	9787562949855	202105	Li Yongsuo, He Ye
7	Building Architecture	Northwestern Polytechnical University Press	9787561247327	201603	He Dongliang
8	Introduction to Civil Engineering	Harbin Engineering University Press	9787566123862	201908	Chen Qiang, Yu Fang, Yin Canbin
